DELIVERING
ENERGY SOLUTIONS

OUR COMPANY

- AMEA Power develops, owns and operates thermal and renewable power projects in Africa, the Middle East and Asia.
- AMEA Power offers a range of power solutions that meet the needs of the emerging markets they cater to, including renewable (Solar PV and CSP, Wind, Hydro and Hybrid) and conventional (Gas, Coal and Oil) power plants.
- AMEA Power enjoys privileged access to capital and transactions, having developed long-term stable relationships with reputable investors and leading financial institutions, enabling it to promptly mobilize financing when needed.
- AMEA Power has deep knowledge of the target market's political and regulatory environment and the ability to mitigate and manage emerging market risks.

PROVEN TRACK RECORD

- Board of Directors with more than 140 years of high profile experience combined.
- Management team have managed and developed thousands of MW of installed capacity projects globally throughout their careers.
- The AMEA Power team is uniquely positioned to deploy its resources, expertise and capital in a fast, efficient and responsible manner.

PIPELINE

AMEA Power has a strong pipeline of projects which has the potential to add up to 7,000MW of capacity to its portfolio with more than US \$1bn in combined equity finance opportunity.

OUR STRENGTHS

Committed Management:

To engage in proactive dialogue with partners, contractors and financiers.

Comprehensive Targeted Solutions:

To offer customized energy solutions across the power industry

Transparent Partner Relations:

To maintain equitable partnerships and balanced stakeholder relationships, which we believe are crucial to delivering long term, sustainable solutions.

Top Tier Talent:

To attract, develop, empower and retain a diverse pool of best-in-class talent across geographies.

Commitment to CSR and Sustainability:

To contribute to socio-economic developments across its focus countries, increasing development within local economies while protecting and contributing to environmental sustainability and ensuring workforce health and safety.

Vision:

To support economic development and improve living standards in Africa, the Middle East and Asia by providing hosts with the most suitable long-term energy solutions.

Mission:

To build and expand our project portfolio within our markets with an aim to deliver reliable and sustainable power to our target regions.

Values:

To inject passion, integrity, respect and professionalism into our business and conduct our operations to the best international practice standards.
